

UPGRADE PROPOSAL

Missing Features

Hospital Management System

This proposal lists standard HMS capabilities not yet included in your current system. Your base HMS was delivered at PHP 21,000. All upgrade prices below are fixed, budget-friendly, and billed per selected module only.

Prepared for: Hospital Client | **Date:** July 2026

- All prices are fixed in Philippine Peso (PHP), exclusive of third-party API/hosting fees.
- Full catalog value: PHP 152,500 (if all 24 features are ordered).
- Payment terms: 50% upon approval, 50% upon UAT sign-off.
